Help support Women in Africa this Mother's Day

"As a woman in rural Africa, the cost of surgery is beyond her means. Each time the medical team visits Uganda, we do up to 40 prolapse surgeries and 70 fistula cases.

Obstetric fistula is the most common fistula worldwide. It is caused by prolonged, obstructed labour. It often effects young women in their first pregnancy, consequently they usually ostracized by their husbands and families."

TICKETS: \$25 adults, \$20 students/concession

Book a table of up to 10 or join an existing table. Bring your friends, family, colleagues - everyone knows something!

If you can't make it on the night or would like to give a donation, tax deductible donations for fistula repairs are welcomed through the HADA - Health and Development Aid Abroad website:
